

October 4, 2016  
Executive Board Meeting

Melissa Daughters, Teri Milnes, Jodi Haggen, Laura Lawyer, Heather Calloway and Susan Miner

Melissa talked with Katie Kavulla regarding the newsletter. Suggested to have the newsletter more student led. She doesn't have time but suggested sending it from the teacher to see if any students would like to have input in the newsletter. She will continue to put it together if teacher can provide stuff from the students. Make it a student job for newsletter communication.

Have asked the soccer clubs and football teams to stay off the field for the rest of the season. Emails have been sent to Eastside Soccer Club and the Boys and Girls Club.

Bylaws – Susan is prepared to answer questions.

Parenting classes are scheduled. For child care they need 1 adult per 8 kids under school age and 1 adult per 16 school age kids. Will have child care available.

Last kids night out there were 72 kids in attendance. If continue to be so successful do we want offer it twice a month?

Enrichment chair is on top of it. Very responsive to parents and questions.

Robin has signed off on the banking, still waiting for Kira to sign off. New signers are on the account.

7 habits books – talked to Village Books about getting a group discount. \$16.30 per book with discount and \$13 amazon. Could we do an order form if people would like to order or should they just order on their own. We will get order form to families and make the order through Amazon.

The dance chair stepped down, offered to 5<sup>th</sup> grade as a fundraiser. Dance as a fundraiser? Still waiting to hear from the 5<sup>th</sup> grade.

They are selling Silver Beach socks for 5<sup>th</sup> grade fund raiser.

Cake walk still happening. 5<sup>th</sup> grade is in charge of the cake walk for their fundraiser.

Parking – better but still a problem. People are still parking where they aren't supposed to. Blocking where the busses can't get in and out. Seems to be the same families that are parking and blocking the buses. Possibly put cones out with chains so people cannot park in the buses. Nicole will talk to district to see if the lines can get repainted to show where no parking is.

Yearbook – do them for just 5<sup>th</sup> graders or offer to the whole school? Some parents want an all school yearbook. Do a survey monkey to see if people are interested? But what about the students that can't afford them? Does that qualify for scholarship? Does the photographer offer yearbooks? Would have to be where every student gets one to be fair. Northern Heights does yearbooks and will see how they handle these issues. We currently have 455 students at approximately \$15 is \$7,000 for yearbooks. Approximately 15% would be needing a scholarship. Which would be approximately \$1,000. Will do a survey monkey and talk with Northern Heights and see how they handle it.

Email votes –

Cover the \$250 for jog a thon t-shirts – unanimously approved

Gift for Holly Swanson - \$100 – unanimously approved

Volunteer positions that need to be filled? Ski to sea parade

PAC meetings – both district level and silver beach just planned out the year. District meeting were discussing which order the schools need to rebuild. We are nowhere on their radar. Bus Levy was a big discussion.

Meeting adjourned

Heather Calloway
